

Demonstration of Proposed Features

Date	28- 9- 2026
Team ID	SWTID- 2026- 3665
Project Name	EduGenie- AI Learning Assistant
Maximum Marks	1 Mark

Demonstration of Proposed Features:

S.No	FeatureName	Description	Status	Demonstrated	Remarks
1	Student Learning Interface	Web interface for entering topics/questions and viewing AI- g	General implementation completed	Yes	Core learning access
2	AI Explanation	Generates clear, simplified explanations for student- submitted	Development in progress	Yes	Core learning support
3	Question & Answer	Answers student questions and provides clarification for lear	Integration in progress	Yes	Core learning support
4	Learning Path Support	Provides structured learning guidance based on the request	Development in progress	Yes	Personalized learning support
5	Quiz Generation	Generates practice quizzes to help students test their under	Standalone implementation	Yes	Assessment and practice
6	Summary/Study Notes	Creates concise summaries or study notes for revision.	Implemented	Yes	Revision support

This document records the core features proposed for EduGenie and their implementation and demonstration status. The six core learning features below are based on the project's documented functional feature set.
